

Upgrading NowSMS to Version 2020.01.15

There may be compatibility issues between the version 2020.01.15 license and versions of NowSMS prior to 2018.11

Do **NOT** apply a version 2020.01.15 licence to versions prior to 2018.11.21 until you have upgraded your NowSMS software to version 2020.01.15. The version 2020.01.15 licence will be supplied in advance of the upgrade process below upon purchase of a Software Upgrade Agreement.

The version 2020.01.15 install program will update any previous versions of NowSMS. Do **NOT** uninstall the old version, let the install program perform an update, then apply the license to the NowSMS installation as per the screen shots below.
